Across

1. more than one; in grammar the opposite of singular
5. repeating a word to alter its meaning
6. a word (part of speech) that can take the place of a noun: you, I or me, he, she, it, they, him, them, etc.
7. referring to only one
9. the study of languages and their forms and meanings
11. a 'figure of speech' in which something is described as something else ("You are my sun!"-not literally true, but expressing how "you light up my life.")
12. a grammatical term for a group of words (a "case") relating to indirect objects
13. something that is built. In linguistics, a particular grammatical form or structure
15. acceptable according to grammar rules
18. a word (part of speech) that tells what someone does (like 'go' or 'learns' or a word like 'has' or 'is')
20. nearly the same

Down

2. one of a kind, with nothing similar
3. in grammar, a word (part of speech) that connects two nouns in a sentence (in, under, etc: The cat is in the box. No, it's under the box!)
4. understandable
8. the classification of words in some languages into masculine, feminine, or neutral
10. to analyze or explain the arrangement of words in sentences and how that word order affects meaning
14. in grammar, a word (part of speech) for a person, place, or thing (a girl, the cities, a box, etc.)
16. based on ideas rather than physical things that can be seen or touched
17. a language that blends features of two or more languages
19. having two possible forms or parts
